#### 1. "To Whom It May Concern

I have known Fernando Sanchez since he answered an advertisement as a lead guitarist for my productions on June 12th of 2012.

Since his subsequent audition, Fernando has performed once a week as part of my 12-person, 4BH's The Fabulous Sounds of the Sixties Show (Winner – Best Production Show – Entertainer of the Year Awards for Clubs in South Qld – three years in a row), and has also played in my trio & quartet.

In the short time I have known Fernando, I have found him to be a blessing for my business. He is a hard worker; very well-mannered, conscientious and punctual. Although English is his second language, he is an incredibly quick learner. Fernando is self-motivated yet takes direction well, works extremely well in a team and has been very helpful at shows.

He has a great sense of humour and the other show members (and fans!), both male and female, find him instantly likeable. He is a pleasure to work with. I wish him well in his search for work and have no hesitation in recommending him. Please feel free to contact me for any further information.

Yours Faithfully,

Darren Ray
